

World Environment Day, 2021

North East Regional Institute of Education (NERIE), NCERT, Umiam became a part of the global event by celebrating the World Environment Day, 2021. Every year 5th of June is celebrated as World Environment Day to remind mankind of its duties and responsibilities towards Mother Earth as, unlike other organisms Man has sculptured the Earth's surface to create Anthroposphere to largely serve his own interests. The focus for this year's World Environment Day is on Ecosystem Restoration, and its theme is 'Reimagine, Recreate, Restore', and 2021 also marks the beginning of the United Nation's 'Decade on Ecosystem Restoration'.

Considering the global pandemic situation and closure of educational institutions, NERIE students and faculty members celebrated the day by taking part in an initiative 'Plant a tree to clean the air you breathe'. Students of NERIE, under the aegis of the Eco Club of NERIE whole heartedly took the initiative of planting a sapling at their own homes or locality to contribute by doing their bit to restore the ecosystem. They planted the sapling and clicked a photograph along with their sapling to give the message to the world – 'Plant a tree to clean the air you breathe'.
